

March 7, 2023

**Superintendent's  
Executive Team**

Dear Mt. Hope Neighborhood Families,

We are writing to express our gratitude for your support of the bond 2022 initiative, which will enable us to start the construction of the new Mt. Hope school. Your support has been crucial in making this project a reality, and we are thrilled to be moving forward with this important improvement for our community.

Over the next few weeks, you will notice some preparation work being done in the area where the new school will be built. This will involve demolition work to clear the way for the new construction. We are excited to see this project start to take shape.

As we embark on this journey, we want to assure you that we are committed to keeping you informed about the progress of the construction work. We will continue to provide regular updates and communicate any changes that may impact our neighborhood and families.

We appreciate your patience and understanding during this time and thank you for your ongoing support. Together, we will continue to build Lansing's future.

Sincerely,

Ben Shuldiner
