

School Annual Education Report (AER) Cover Letter

August 18, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for Cavanaugh Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Angela Tarry, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site http://cavanaugh.lansingschools.net/pages/Cavanaugh_School or you may review a copy in our main office.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has been identified as a Priority School.

Cavanaugh's key challenges are in the areas of both Mathematics and Reading. 18.6% of our third graders were proficient in the area of mathematics and 37.2% of our third graders were proficient in the area of reading on the MEAP in the Fall of 2013. To address these challenges teachers have spent over 34 hours engaged in professional development activities during the summer to prepare the students at Cavanaugh with 21st the century skills they will need. As a result, we will begin implementation of Project Based Learning and Multi-Tiered Systems of Support across all grade levels. In addition, an Instructional Assistant has been assigned to each grade level K- 2nd grade to assist students in the areas of both math and reading under the direction of the classroom teacher. A Math Intervention teacher will work directly with third grade students to provide additional supports for identified students. Additional prevention and intervention services will also be provided to identified 3rd grade students in the area of reading.

State law requires that we also report additional information.

Students were assigned to Cavanaugh Elementary through the enrollment process. Parents or guardians complete an enrollment form, provide proof of residency, birth certificate and immunization records. If the student lives in the boundaries of the school they are enrolled. Boundaries are determined by the Department of Pupil Accounting and Central Records. For the 2014-15 school year we have been identified as a STEAM, Science, Technology, Engineering, Arts and Mathematics magnet school and student assignment is processed through the CHILD District Magnet Office.

Cavanaugh's School Improvement Plan is in the getting started phase due to being identified as a Priority School and a Magnet School with a STEAM focus.

The Lansing core curriculum will be aligned to state standards. The Common Core State Standards (CCSS) have been fully implemented and are used as the basis for the curriculum at all levels. CCSS are available on the MDE website, www.michigan.gov. Curriculum documents are available on the Assistant Superintendent of Instruction's webpage at, www.lansingschools.net.

A STEAM focus will be woven through all academic areas with an emphasis on being GREEN. Cavanaugh students will learn how humans impact living things. Students will learn through project based, hands on experiences and be able to apply them to the real world. They will be involved in projects that will expose them to the 2st Century skills they will need in the future.

Teachers at Cavanaugh Elementary STEAM use the State of Michigan Standards for delivery of education. The Lansing School District has developed Pacing Guides to guide when state standards are taught. The core curriculum can be found on the Lansing School District's website.

MEAP was given to third graders in the Fall of 2013 and the Fall of 2013. In 2012, 19.1% and in 2013 18.6% of Cavanaugh's 3rd graders were proficient in Mathematics. In 2012, 48.9% and in 2013 37.2% of Cavanaugh's 3rd graders were proficient in Reading. The results indicate a .5% decline in Mathematics and a 11.2% decline in Reading.

During the 2012-13 school year 128, which amounts to 54% of parents attended parent teacher conferences. During the 2013-14 school year 128, which amounts to 57.1% of parents attended parent teacher conferences.

I am proud to be the principal at the newly identified Cavanaugh Elementary STEAM school. Our teachers have been working hard over the summer to get ready for what promises to be an exciting school year in 2014-15. We are looking forward to working with all of our students and families to help them become successful!

Sincerely,

Angela K. Tarry, Principal

Michigan Educational Assessment Program (MEAP)
