

Program Open to

Juniors & Seniors

Business and Risk Management Program

Career Technical Education (CTE)

In this program, you will explore the key aspects of the insurance industry, including theories on underwriting for clients, making claims adjustments, and managing loss events for insurance companies. You will gain an understanding of why "risk" is a fundamental component of the business world, and can lead to high returns or substantial losses with every investment.

Career Possibilities

- Claims or Fraud Examiner
- Insurance Sales Agent
- Claims Adjuster
- Underwriter

Avg. Salary \$48,000 - \$94,000

Isaac Chang
