

Program Open to

Juniors & Seniors

Graphic and Print Technology

Career Technical Education (CTE)

In this hands-on program, students will explore graphic design and production techniques using industry-standard software like Adobe Illustrator and Photoshop. Learn to create market-ready products like banners, business cards, t-shirts, stickers, and more through processes like vectorizing images, dye sublimation, laser engraving, and sandblasting. You'll also develop essential file management skills and build a professional portfolio to showcase your abilities. This program is perfect for aspiring designers, entrepreneurs, and creatives looking to bring their ideas from digital concepts to physical products.

Career Possibilities

- Graphic Designer
- Custom Apparel or Promotional Products Designer
- Freelance Designer (or Creative Business Owner)

Avg. Salary \$27,950 - \$82,020

Hailey Cuzco-Romero
Class of 2024
