
Second Grade Literacy

Essential Components of Second Grade Structured Literacy

Plus one....
+ **Embedded Language and Writing**

Amplify CKLA - Knowledge Strand

The **Knowledge Strand** of the Core Knowledge Language Arts program is designed to help students build the background knowledge and vocabulary critical to listening and reading comprehension. Through introducing, presenting, and discussing read-alouds in each domain, teachers build students' listening and reading comprehension and oral language skills.

Each domain Teacher Guide is comprised of daily Lessons, pausing points, a domain review, a domain assessment, and culminating activities.

- Pausing Points: opportunities to review, reinforce, or extend the content taught thus far.
- Domain Review: an opportunity to review and reinforce the material (e.g., core content and vocabulary) in the domain in order to help students prepare for the domain assessment.
- Domain Assessment: evaluates students' understanding and retention of academic vocabulary words and the core content targeted in the domain. The results should guide review and remediation the following day(s).
- Culminating Activities: provide remediation and/or enrichment for individual students, small groups, or the whole class based on the results of the Domain Assessment.
