Creating Leaders, Empowering Greatness
with the 7 Habits

Leaders see what needs to change, and make steps to make it happen, helping others to see what they don't yet see in themselves.

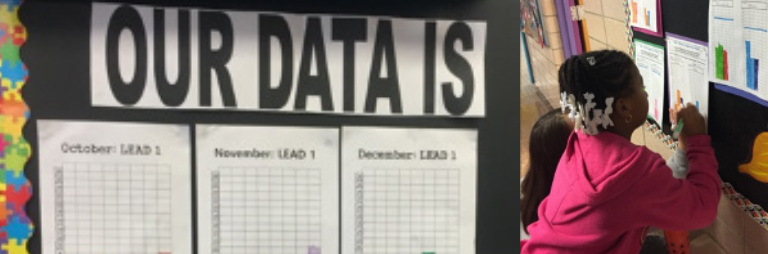

At Kendon we believe anyone can be a leader by intentionally leading one's own life (leading self) and encouraging the greatness in others—whether family, friends, or community (leading others).

The Seven Habits of Highly Effective People

- **Be proactive:** you're in charge,
- **Begin with the end in mind:** have a plan,
- **Put first things first :** work first, then play,
- **Think win win:** everyone can win,
- **Seek first to understand then to be understood,**
- **Synergize:** together is better,
- **Sharpen the saw:** balance feels best,
- **Find your voice & inspire others to find theirs** use your talents to make a contribution.
