Program Goal. The Ebersole Credit Recovery Programs offer an opportunity to fill in knowledge gaps, gain proficiency, and obtain course credit for students who have attempted and failed a course at least once. Our collective goal is to get 100% of participants across the graduation finish line.

Roles:

- **Students** will work together, as well as independently, to complete course requirements, actively participate in camp activities, and adhere Ebersole's Code of Conduct and Commitment Statement.
- **Mentors** will support student learning by completing regular progress check-ins, holding one-on-one or small support sessions, assisting with outdoor education activities, and supervising overnight in the bunkhouses. Mentors will be assigned a small group of students and will be responsible for regular progress check-ins with those students in order to ensure steady progress is being made throughout the weekend.
- **Teachers** will be responsible for planning and delivering course content as well as supporting students in one-on-one, small group, or large group settings. Teachers are also invited to assist with outdoor educational activities.

Transportation. Transportation to and from this program is provided by the Lansing School District. Pick-up and drop-off dates (and approximate times) are included below:

Packing List. Click [HERE](#) to access the packing list. It is important to send bedding and all weather-appropriate clothing needed for the program. Students are not required to bring learning materials with them as all learning materials will be supplied upon arrival.

Medications. Any student that is planning to bring meds for the program should know that all meds will be distributed by the health officer at the Ebersole Center. The meds should be in the original bottle, with the original label, and should not be expired. We will collect meds upon arrival and return them prior to departure.
